

# HADRIEN ALLEMON

WEB DEVELOPER

WALOON BRABANT - BELGIUM

## SUMMARY

Passionate Developer with a flair for creating elegant and clean solutions. I specialise in front-end development, but I acquired some solid basis in back-end during my career. My experience in self-teaching makes me a highly autonomous worker who makes it a point of honour to write clean, formatted code. I actively seek a workplace where I could grow as a developer.

## SKILLS

**Languages:** JavaScript, TypeScript, Python, C#.

**Front-End:** React.js, jQuery, CSS, HTML, Redux/Saga.

**Back-End:** ASP.net, Node.JS

**Databases:** MySQL, T-SQL, PLSQL.

**Design:** Photoshop, Aseprite.

**Other:** GIT, GitHub, Azure, Agile, DevOps, SharePoint.

## EDUCATION

## WORK EXPERIENCE

**ILIAS SOLUTION**

WEB DEVELOPER

March 2023 - Currently

- Found new opportunities at Ilias to work on complex and challenging projects that offered lots of opportunity to learn
- Adapted quickly to the very specific systems of Ilias, which required extensive knowledge in old and new technologies

**INTERMADE S.A.R.L**

WEB DEVELOPER & TECHNICAL MANAGER

August 2021 - February 2023

- Promoted after 2 and a half years which came with new responsibilities:
  - Compile offers for the clients and work alongside them to best satisfy their needs
  - Lead on development projects
  - Manage small teams
- Help the newest team members to grasp the proper use of front-end technologies (flexbox, react-context, MUI, ...)

**INTERMADE S.A.R.L**

JUNIOR WEB & SHAREPOINT DEVELOPER

January 2019 - August 2021

- Started my career as a consultant web developer, doing front-end dev projects and SharePoint development.
- Being self-taught, I was able to quickly learn the different technologies used by the company

## OTHER EXPERIENCES
